PROFESSIONAL PROFILE

First Class BSc (Hons) Computer Science Graduate at De Montfort University with experience in software development, databases, machine learning and data analysis. Developed full-stack applications using Python, Flask, PHP, ASP.NET and SQL, alongside machine learning projects using Scikit-learn. Strong communication, customer service and problem-solving skills gained through technical, business and customer-facing roles.

TECHNICAL SKILLS

Python, Java, C, C#, PHP, SQL, JavaScript, HTML, CSS | Flask, ASP.NET, MySQL, SQL Server, SQLite | Pandas, NumPy, Scikit-learn | GitHub, Jupyter Notebook | Agile, SDLC, Machine Learning, Database Design | Linux, Wireshark, Microsoft Office

PROJECTS

Digital Forensic Investigation System (Final Year Project) – Python, Flask, SQLite, ML, D3.js, Chart.js, ReportLab

- Built full-stack forensic case management platform with role-based access, evidence tracking and reporting for digital investigations.
- Developed a TF-IDF and Logistic Regression model for risk classification.

Student Course Hub Web Application – PHP, MySQL, HTML, CSS, JavaScript

- Developed a university course management system with authentication and role-based access.
- Worked within an Agile team using Git and MySQL integration.

E-Commerce Clothing Website – ASP.NET, SQL Server

- Built an e-commerce website including catalogue, shopping cart and login functionality.
- Contributed to backend development, database design and testing.

Machine Learning & Data Analysis (Kaggle Projects)- Pandas, NumPy, Scikit-learn

- Performed data cleaning, preprocessing and exploratory data analysis.
- Developed and evaluated Logistic Regression and Naive Bayes models.

EDUCATION

BSc (Hons) Computer Science, De Montfort University | 2023–2026

- First class graduate- 85%
- 100/100 Database Design & Implementation
- 84% Fundamentals of Computer Science

Higher Secondary Education, St. Xavier's School, India

- Mathematics, Physics and Chemistry

IELTS Academic – Overall Band 7.5 (Speaking 8.5)

EXPERIENCE

Independent Travel Agent – InteleTravel | 2026–Present

- Operate an online travel business providing flights, hotels, tours, car rentals and holiday packages; completed InteleTravel and regulatory training and work with ABTA/ATOL protected travel products.

Brand Ambassador – National Deaf Children's Society Campaigns

- Promote awareness campaigns, support fundraising activities and participate in entrepreneurship and business-development training.

English Tutor & Administrator – Bright Learning Centre | Sept 2025–Jan 2026

- Delivered IELTS and English lessons while managing administrative duties.

Social Media Intern – ACE Internships | Jun 2025–Jul 2025

- Rebuilt company website using Wix and supported SEO, KPI reporting and SWOT analysis.

Crew Member – McDonald's | Jan 2025–Present

- Delivered customer service and teamwork in a fast-paced environment.

Customer Assistant – Domino's | Dec 2023–Feb 2025

- Assisted customers, processed orders and supported daily store operations.

CERTIFICATIONS & ACHIEVEMENTS

Python Programming | Machine Learning Foundations | Artificial Intelligence Foundations | Cybersecurity Fundamentals | Generative AI | Digital Marketing | Project Management

- Achieved 100/100 in Database Design & Implementation
- Silver Medallist – Regional Physics Quiz Competition
- Represented school in regional basketball tournaments

INTERESTS

Technology Trends | Software Development | Travelling | Swimming | Basketball
